Email: mellissa.chojnacki@uspto.gov

FAX: 703-872-9306

Applicants: Lucovsky et al.
Title: SCHEMA-BASED SERVICES FOR IDENTITY-BASED
ACCESS TO INBOX DATA
Serial No.: 10/021,563
Filing Date: October 22, 2001
Examiner / Unit: Chojnacki/2175
Attorney Docket: 3080

Patent Attorney – Kevin D. Jablonski (50,401)
425-822-3668

Agenda:

1. General discussion about the present invention and its novel features.
2. Discussion about how the claims seek to capture the novel features.
 - a) Claim 1 – *In a computer network, a method comprising, providing an inbox schema, the inbox schema having inbox-related fields arranged into a content document with defined structures for the fields; receiving a data access request directed to contact information, the request including associated identity information; and in response to the data access request, manipulating at least one set of data in a logical inbox document that includes data therein according to the associated identity information, each set of data in the logical inbox document structured to correspond to a field in the content document.*
3. Discussion about how the cited and applied references fall short of teaching the claimed subject matter.
